

PLAYED TWELVE INNINGS

FIRST GAME OF THE BASEBALL
CHAMPIONSHIP SERIES RE-
SULTS IN A TIE.

CHICAGO, Oct. 8.—Detroit and Chicago, leaders of the American and National leagues, respectively, played twelve strenuous innings to a tie here today in the first game of a series for the baseball championship of the world. The contest was replete with sensational situations and when Umpire O'Day, of the National League, called the play off on account of darkness, most of the 24,377 spectators sighed with relief and went home well satisfied with the outcome. The score was 3 to 3. Over-all and Donovan were the opposing pitchers, but the former was taken out when Chicago had tied the score in the ninth inning and had men on bases waiting to score the winning runs. Moran was sent in to bat for him, but before the latter had time to deliver the needed hit, Evers tried to steal home and was out by a narrow margin, retiring the side. Reulbach finished the game and for three innings retired the Detroit heavy hitters without the semblance of a hit. The work of all the pitchers was first-class, but Donovan had a shade the best of his rivals in that he struck out twelve of the opposing batsmen. His second base on balls was costly, but with good support he would have won his game.

The contest was watched by an immense crowd, the enlarged stands being packed to their capacity, while a thin fringe of enthusiasts occupied standing room in the deep center field. Whatever ground rules may have been formulated were not in evidence, as none of the nineteen hits were sent outside the playing space.

MURDER MYSTERY IN LOS ANGELES

LOS ANGELES, Oct. 8.—The police of this city are investigating what is believed to be a case of murder. At an early hour the body of a man about 40 years old was found in the rear of a house at Fourteenth and Main streets. It had evidently been taken there in a carriage. The face and head were badly bruised and the dead man had been bleeding from the nose and mouth. Papers found on the body indicated that the victim was Thomas McCue, that he had left Salt Lake on September 19, and that he had previously been a guest at the Trinidad Hotel, Trinidad, Colo.

An autopsy held this afternoon developed that death was due to a fracture of the skull and resulting congestion. The fracture appears to have been caused by a blow from a weapon. Physicians believe that the man had been dead twenty-four hours, which would strengthen the theory that the body had been brought to where it was found. The dead man weighed 175 pounds. He had a heavy sandy mustache, sandy hair and blue eyes. The clothing contained no valuables except a purse containing 65 cents. A Pullman sleeper ticket from Salt Lake to Los Angeles, bearing the date September 19th, was also found.

NOTED MINER DIES.

ALAMEDA, Oct. 8.—Reuben Ryder, one of the men who located the famous Red Top mine in Nevada, and who made a fortune out of his mining ventures, died Sunday at a local sanitarium after an illness of one week from pneumonia. Ryder was a native of California, 44 years of age and arrived here a few weeks ago to make his home with his mother, Mrs. Ellen T. Ryder.

MINING ENGINEER DEAD.

LOS ANGELES, Oct. 8.—Henry Neumann, well known as a mining engineer in San Francisco, where he had lived fourteen years, died today in this city. His health broke down six months ago and he came to his family home here to rest, but his condition gradually became worse and death followed an operation.

INFERNAL MACHINES SENT THROUGH MAIL

Contained Sufficient Dynamite to Have Caused Great Destruction of Life and Property--Confession Follows Arrest of Man Who Sent the Death-Dealing Instrument.

[By Associated Press.]

DENVER, Oct. 8.—Governor Henry A. Buchtel, David P. Moffat, president of the First National Bank of Denver, and Charles B. Kounze, president of the Colorado National Bank, received through the mails today infernal machines containing sufficient dynamite to have caused great destruction of lives and property had they been exploded. Fortunately, warning had been given of the machines by Chief of Police Michael Delano, who had obtained a confession from Kemp V. Bigelow, by whom they were mailed. Bigelow confessed also that he had sent infernal machines to Lawrence Phipps and Edward Chase, but they were not delivered today. The machines received by Messrs. Moffat and Kounze were turned over to the police in the afternoon. The one sent to Governor Buchtel was received by the governor's private secretary, Alfred C. Montgomery, who removed the wrapper, disclosing a box with a sliding cover. His suspicions were aroused and he reported the matter to Governor Buchtel, who then in-

formed him that he had been warned by the chief of police to be on the lookout for infernal machines.

Bigelow gave no satisfactory explanation of his motive for sending the machines and seemed to have no other purpose than to cause a sensation. Bigelow, who is 21 years old, arrived in Denver several weeks ago and secured a position as clerk in the Kendrick book and stationery store. He said he was the son of C. L. Bigelow, superintendent of schools of Bryan, Ohio. On Sunday night Bigelow notified the police department that he had overheard two men talking about a plot to kill Edward Chase, Governor Buchtel and other prominent citizens, and Chase's residence was to be blown up that night. Search in the vicinity of the Chase residence resulted in the discovery of a package containing fifty-one sticks of dynamite. Bigelow's story was regarded with surprise and he was placed under arrest Monday night. Today he confessed that he himself placed the dynamite near the Chase residence where it was found, and he had sent several infernal machines by mail.

"BRIGHT EYES" WILL APPEAR

NEW YORK, Oct. 8.—George Williams, counsel for Mrs. May Pepper Vanderbilt, the spiritualistic high-priestess, for whom a warrant has been issued on complaint of Miss Minerva Vanderbilt, daughter of Mrs. Pepper's aged husband, today agreed to produce his client in the police court of Brooklyn. Miss Vanderbilt charges her stepmother with obtaining a portion of her father's wealth through undue influence. A warrant was issued on Wednesday last, when Williams heard that the New York police intended to telegraph to Lynn, Mass., where his client is on a lecture tour, and ask for her arrest and extradition, the lawyer promised the court to produce her.

Vanderbilt was recently found incompetent to manage his estate by a commission appointed by the Supreme Court. "Bright Eyes," the spirit of an Indian maid, figured prominently in the testimony. Vanderbilt has appealed from the verdict.

GREEKS LEAVE SCENE OF TRAGEDY

[By Associated Press.]

BAKERSFIELD, Oct. 8.—Unhappy at the death of their comrades in the fatal collision on the Tehachapi hill last week, all the Greek gang employed by the Southern Pacific has sought and obtained a change of location, through the efforts of H. Kapsimales, Greek consul. Many of the gang had brothers, sons, fathers or cousins among the killed, and they could not bear to work where the tragedy had occurred.

Following their investigation of the wreck here, Consul Kapsimales and his assistant, Valeseralos, will go to Sacramento, where two Greeks were killed in a car collision. The Southern Pacific Company has manifested a willingness to provide for the families which have been left destitute in Greece.

DATE SET FOR TRIAL OF THAW

NEW YORK, Oct. 8.—Harry K. Thaw's trial for the killing of Stanford White will begin December 2d. This agreement was reached between District Attorney Jerome, W. M. Littleton, counsel for Thaw, and Justice Dowling of the Supreme Court today. Mr. Littleton wanted the date fixed for November 1st.

CONFERENCE Over Postponing Trial of PETTIBONE

Western Federation of Miners Is Waging Campaign Against the Expenditure of Large Sums of Money in Prosecuting Defendant.

[By Associated Press.]

BOISE, Idaho, Oct. 8.—Another fruitless conference by the attorneys was held today on the proposition of postponing the trial of George A. Pettibone, charged with complicity in the assassination of former Governor Steinberg. The lawyers will meet again tomorrow, and unless something is definitely decided then, the matter will be placed before Judge Wood for action. Pettibone is regarded as being entirely too ill to face a long trial, but the defense has gone too far to accept postponement, thereby hoping to force the State into granting bail for the sick man. Pettibone is suffering from a specific complaint and may never recover. He is able to walk about the hospital, but an operation is impending.

A campaign against spending money in the prosecution of Pettibone and Moyer along the vigorous lines laid down in the Haywood case is being carried on throughout the State, and the Western Federation of Miners is distributing pamphlets showing every item of expense incurred in the latter case, including the personal expenses of the many detectives employed. The Haywood trial is said to have cost in the neighborhood of \$140,000. Governor Gooding and other State officers declare that all the money necessary to prosecute Pettibone will be forthcoming.

There is absolutely no likelihood of his trial proceeding, however, on the 15th, the day set.

Many alarming reports have been sent out from here regarding the condition of Clarence Darrow of Chicago, leading attorney for the defense. Darrow suffered an abscess in the left ear and it was necessary twice to puncture his ear drum. He was never in any danger, and was about the streets today.

STOCK MARKET WAS QUITE DULL

NEW YORK, Oct. 8.—Fluctuations in the prices of stocks were quiet and wide today and the purposes of the professional traders were thus better served than in the lethargic market which has prevailed for several days. The drawback was that fluctuations became rather feverish and erratic, making it difficult even for room-traders to take advantage of opportunities. The firmness of the money market was a restraint on any speculative ventures.

The whole market lapsed into extreme dullness late in the day. Bonds were irregular. Total sales had a par value of \$1,114,000. United States fours declined a quarter percent on call.

MURDERED CHILD'S BODY FOUND

CAMDEN, N. J., Oct. 8.—The murder of 9-year-old Ethel Nevins, or Marx, of East Camden, whose mutilated body was found yesterday in a thicket not far from home is a complete mystery, though the police today arrested August Douglas, of Philadelphia, in connection with the case. He is held for examination together with Joseph Wood, 16 years old, who was arrested last night.

FESTIVE CAPTAIN AN EMBEZZLER

NEW YORK, Oct. 8.—For Miss Gertrude Fentham, a beautiful girl who was married September 23d to Captain William E. Gunn, manager of the Schuyler Arms apartment hotel, a sad awakening is coming. Today, while the couple are in Europe enjoying their honeymoon, it has developed that the dashing bridegroom is short in his accounts a good many thousands of dollars, and worse than that, he is alleged to have a wife and three children somewhere on the Pacific Coast.

Gunn had a good salary, but is said to have been living beyond his means for some time before the married Miss Fentham. At the Schuyler Arms, where he had his rooms, he posed as a bachelor. He is about 40 years old, handsome and refined. With the guests of the house he was a great favorite.

There is some doubt as to how he got his title of captain. According to one story he had been a navigator, but some of his friends understood he commanded a company of volunteers in the Spanish-American war.

FRENCH JUDGES FACE PROBLEM

PARIS, Oct. 8.—The intricate and finicky manner of administering criminal law in France is attracting editorial comment and particularly in the case of an aged woman recently murdered in Paris. One man stabbed her while two others held her. Some lawyers opine that the men who held the murdered woman deserve a heavier sentence than the stabber.

The lawyers' difficulty in the case is to determine how properly to apportion the punishment in its different degrees of severity, so that the men who held the woman may get a lighter sentence than the man who stabbed her. The public opinion complains in the press that the time of courts is wasted by the misplaced mercifulness of the judges.

ACQUITTED OF POISONING.

RALEIGH, N. C., Oct. 8.—The jury in the Rowland murder trial this morning returned a verdict of acquittal. Dr. and Mrs. David Rowland were charged with poisoning the woman's former husband, Charles R. Strange.

THE METAL MARKET.

SAN FRANCISCO, Oct. 8.—Lead, \$4.60 to \$4.74; Lake cop-per, 14 1/2 to 14 3/4; bar silver, 65.

UNION PACIFIC SECRETS

DISCLOSED TO THE DIRECTORS
AT THE ANNUAL
MEETING.

SALT LAKE, Oct. 8.—The Union Pacific's inmost secrets were disclosed to the stockholders at the annual meeting of stockholders here today. For the first time in many years, the minutes of the directors' meetings and proceedings of the executive committee were read in detail and the financial transaction of the company explained to all shareholders. It was shown that the gross transportation receipts to June 30, 1907, were \$45,512,933.54; operating expenses and taxes, \$27,189,574.27; net earnings from the operation of the road, \$18,323,361.79. The income from other investments and interest on bonds, \$15,306,026.95. Total income of \$33,629,388.74. Fixed and other charges amount to \$5,268,572.22; the net profit was \$27,930,815.52, and from this had been expended for dividends \$23,529,804; for betterments, \$920,761.71, and there was placed in surplus \$3,480,247.80. The minutes revealed that in February, 1907, the directors made a deal for the purchase of stock in railway securities of the holding company for the Illinois Central from Stuyvesant Fish for \$201.75 per share, payable partly in cash and partly in Illinois Central stock at \$175. In February the Union Pacific had 18,964 shares of preferred stock and 34,154 shares of common in Railroad Securities Company. Among the investments made by the directors are the following: Bonds of the Omaha and Western, \$1,500,000; bonds of the Snake River Valley, \$1,500,000; Topeka and Northwestern bonds, \$1,700,000; bonds of Ilwaco (Washington) Railway, \$300,000; stock of Grays Harbor and Puget Sound, \$30,000.

HAD KICK AGAINST PROPHET JOSEPH

SALT LAKE, Oct. 8.—After sustaining their authorities this afternoon and electing a new apostle to succeed Apostle Teasdale, deceased, the participants in the seventy-eighth Mormon conference adjourned. The apostolic vacancy was filled by the choosing of Anthony W. Ivins, who has been president of Juarez state in Mexico. A slight sensation was caused by a man in the congregation who attempted to make a speech against the re-election of President Joseph F. Smith. He was quickly ejected.

WILL INCREASE SILVER COINAGE

BERLIN, Oct. 8.—In pursuance of the effort to solve the problem of financial preparedness for war, a number of important measures are under consideration by the military officials. Among these projects, according to reports, is a bill now ready for introduction in the Reichstag, the adoption of which would involve a considerable increase in the silver coinage of the empire.

According to the belief of the projectors of this measure, who say that it has received favorable consideration from high authorities, the bill will be presented formally to the Bundesrath and made public soon after October 10. This is the date fixed for the final withdrawal of the old silver three-mark "thaler" pieces, which have been gradually taken up by the banks. The extent of the issue to be provided for in the proposed bill has not been determined, though the amount contemplated is reported to be large.

BASEBALL SCORES.

SAN FRANCISCO, Oct. 8.—The following are the scores for today's games: Oakland 4, San Francisco 3; Los Angeles 14, Portland 0.
